ABOUT ME

I'm web & graphic designer with creativity and strategic thinking. I spend most of the day for creating innovative things to achieve my carrier goals. I am involved in many things, but I love the variety and challenges that comes with every opportunity.

My goal as a designer Is to create work that captivates, teaches and Inspires. My background Is In graphic design, Art and communication.

Also I'm a Domainer holding some valuable Premium Domains and some of the services like Traffic Generating, Email Marketing, Social Media Marketing that i love to do.

Iam a big lover of bikes, and riding. You can catch me In race tracks early saturday or sunday mornings. I like to travel exploring the world In my bike and trying new things.
